

Week 3 Marriage Data Reflection Exercise*

Arav Sri Agarwal

September 19, 2024

First sentence. Second sentence. Third sentence. Fourth sentence.

1 Introduction

This paper explores the use of R programming to analyze marriage license data from open.toronto.ca.

2 Data

Our data is related to marriages (Figure [1](#)).

Our data delivers insight into how the number of marriage licenses issued has varied with time

3 Discussion

3.1 First discussion point

“The analysis reveals a significant rise in marriage licenses after the pandemic”

*Code and data are available at: <https://github.com/Aravsria/Week-3-Starter-Folder-Arav-Agarwal-Group-29.git>

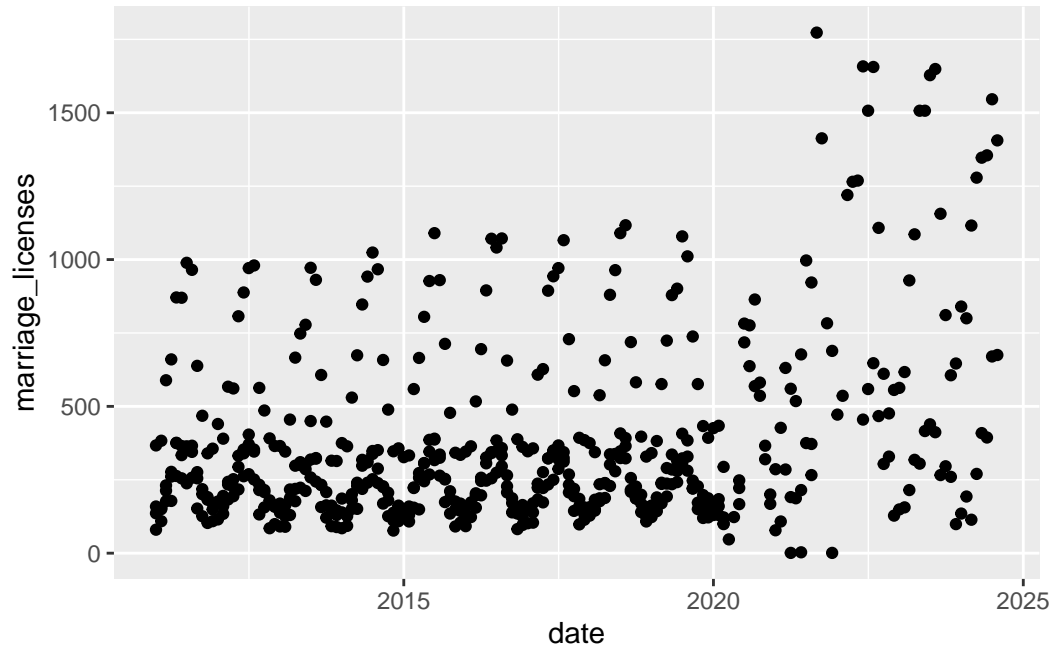

Figure 1: Quantity of Marriage License vs Time

3.2 Second discussion point

3.3 Third discussion point

3.4 Weaknesses and next steps

Weaknesses and next steps...

Appendix
